 612-638-1536

**Dates**

November 13 & 14, 2018

**Location**

Science Museum of Minnesota, St. Paul

**What is the CreativeCon?**

At CreativeCon, 5th through 8th graders learn that the ability to think creatively and problem solve is essential for all ages and in all areas of life. Each student experiences three unique interactive sessions highlighting the ways creativity and problem solving are applied in STEM, the arts, and across all careers. Students work with community professionals who demonstrate how creative thinking is used in their vocation and lives; attendees learn that creativity is a life skill that can be practiced and strengthened.

Students wrote, produced, and recorded their own films.

**The day at CreativeCon**

During their day of attendance, students take part in three interactive breakout sessions and have the opportunity to explore the Science Museum in chaperoned groups.

Your school or district will receive a variety of tickets to the 10+ sessions. We encourage giving students some choice about which sessions they will attend at CreativeCon. Chaperones, teachers, SBC staff, and SBC's Red Shirt Volunteer crew are on hand to assist students with directions and questions during their day at CreativeCon.

**What to bring**

- One chaperone per ten students required.
- Bag lunches and beverages for every student and chaperone.
- Pen or pencil and a notebook.
- Nametags for all students and chaperones.
